## **POLICY STATEMENT**

This policy applies to Manchester Academy (“the School”) United Learning Trust requires the School’s Local Governing Body to review and update this policy annually (as a minimum). This policy is available on the School website This policy is ratified annually by the United Learning Group Board.

This policy has regard to the following guidance and advice:

- Keeping Children Safe In Education (September 2020) *KCSIE*
  - Disqualification under the Childcare Act 2006 (July 2018)
  - What to do if you're worried a child is being abused: advice for practitioners (March 2015)
  - Sexual violence and sexual harassment between children in schools and colleges (May 2018)
- Working Together to Safeguard Children (July 2018)
  - Information sharing: advice for practitioners providing safeguarding services (July 2018)
- Revised Prevent Duty Guidance for England and Wales (July 2015)
  - The Prevent Duty: Departmental advice for schools and childminders (June 2015)
  - The use of social media for on-line radicalisation (July 2015)

This policy also takes into account the procedures and practice of Manchester Local Authority and the published safeguarding arrangements set out by the local safeguarding partners.

## **CONCERNS ABOUT A CHILD**

The School has a duty to consider at all times the best interests of the student and take action to enable all students to achieve the best outcomes. Safeguarding and promoting the welfare of children is **everyone’s** responsibility. Everyone has a role to play in identifying concerns, sharing information and taking prompt action in accordance with this policy.

The School has arrangements for listening to children and providing early help and processes for children to raise concerns about themselves or their peers. Details of these arrangements are that all students have access to the safeguarding team, Form Teacher, Pastoral Support Leader and a Year Director

Staff should expect to support social workers and other agencies following any referral.

## **Definitions of Safeguarding and Types and Signs of Abuse**

Safeguarding and promoting the welfare of children is defined as protecting children from maltreatment; preventing impairment of children’s health or development; ensuring that children

grow up in circumstances consistent with the provision of safe and effective care; and taking action to enable all children to have the best outcomes.

Abuse is a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others (e.g. via the internet). Abuse can take place wholly online, or technology may be used to facilitate offline abuse. They may be abused by an adult or adults or by another child or children. Abuse can be:

- physical abuse
- emotional abuse
- sexual abuse; and/or
- neglect.

Staff are referred to Appendix 1 of this policy for further detail of the types of abuse and possible signs of abuse.

### **PROCEDURES OR DEALING WITH CONCERNS ABOUT A CHILD**

If staff suspect or hear an allegation or concern of abuse or neglect from a child or any third party, they must follow the relevant procedure below. All staff should:

- listen carefully
- avoid asking leading questions
- reassure the individual that the allegation/complaint will be taken seriously
- not guarantee absolute confidentiality (as this may ultimately not be in the best interests of the child) and explain to the child that staff will only share the information with those who need to know to help the child. All staff should explain next steps and who the information will be passed to.}

All concerns, discussions and decisions (together with reasons) made under these procedures should be recorded in writing on CPOMS. The record should include the date, time and place of the conversation and detail of what was said and done by whom and in whose presence and signed by the person making it. Where a report includes online elements, staff are reminded not to view or forward any illegal images of a child but note what has been reported.

Where there is a safeguarding concern, the School will ensure the student's wishes and feelings are taken into account wherever possible and will work with them (and their families where appropriate) when determining what action to take and what services to provide. This is particularly important in the context of harmful sexual behaviours, such as sexual harassment and violence. Safeguarding information will often be special category personal data and the School will have due regard to its data protection obligations when sharing such data. Whilst the School aims to get consent to share information, relevant personal information may be shared without consent if there is a lawful basis to do so such as where a child's safety may be at risk. This is because the Data Protection Act 2018 includes 'safeguarding children and individuals at risk' as a condition that allows information to be shared without consent. Any decision to share or withhold information will be recorded together with the reasons for it and who the information has been given to. The School operates its processes with the best interests of the student at their heart.

### **What staff should do if they have concerns about a child**

If staff (including governors, agency staff and volunteers) have any concerns about a child's welfare they should act immediately and should speak with the School's DSL or DDSL. If, in exceptional circumstances, the DSL or DDSL is not available, this should not delay appropriate action being taken and staff should consider speaking to a member of the senior leadership team and/or take advice from local children's social care. In these circumstances, any action taken should be shared with the DSL or DDSL as soon as is practically possible.

The DSL will consider the appropriate action to take in accordance with the threshold document published by the School's local safeguarding partners. Options will include:

- managing any support for the child internally via the School's own pastoral support processes;
- making an early help assessment; or
- making a referral for statutory services.

If a child's situation does not appear to be improving, the DSL (or the person that made the referral) should consider following local escalation procedures to ensure their concerns have been addressed and to ensure that the child's situation improves.

Staff should not assume a colleague or another professional will take action and share information that might be critical in keeping children safe. Staff should challenge any inaction and follow this up with the DSL and children's social care as appropriate. All concerns, discussions and decisions made and the reasons for those decisions should be recorded in writing.

### **Early Help**

Any child may benefit from early help but all staff should be particularly alert to the potential need for early help for a child who:

- Is disabled and has specific additional needs;
- Has special educational needs (whether or not they have a statutory education, health and care plan);
- Is a young carer;
- Is showing signs of being drawn in to anti-social or criminal behaviour, including gang involvement and association with organised crime groups;
- Is frequently missing/goes missing from care or from home;
- Is misusing drugs or alcohol themselves;
- Is at risk of modern slavery, trafficking or exploitation;
- Is in a family circumstance presenting challenges for the child, such as substance abuse, adult mental health problems or domestic abuse;
- Has returned home to their family from care;
- Is showing early signs of abuse and/or neglect;
- Is at risk of being radicalised or exploited;
- Is a privately fostered child.

Early help means providing support as soon as a problem emerges at any point in a child's life, from the foundation years through to the teenage years.

In the first instance, staff who consider that a student may benefit from early help should discuss this with the School's DSL or DDSL. If early help is appropriate, the DSL will generally lead on liaising with relevant agencies and setting up inter-agency assessment as appropriate. Staff may be required to

support other agencies and professionals in an early help assessment, in some cases acting as the lead professional. The DSL will support staff in liaising with external agencies and professionals in an inter-agency assessment, as appropriate. If early help is appropriate, the matter will be kept under constant review and consideration given to a referral to children's social care if the student's situation does not appear to be improving or is getting worse.

### **What staff should do if a child is suffering, or is likely to suffer from harm**

If staff (including governors, agency staff and volunteers) believe that a child is suffering, or is likely to suffer from harm, or is in immediate danger it is important that an **immediate** referral to children's social care (and/or the Police if appropriate) is made in accordance with Manchester Local Authority referral process. Anyone can make a referral. If anyone other than the DSL makes a referral, they should inform the DSL as soon as possible that a referral has been made. The Safeguarding Children Board is still currently in operation. A full copy of their local procedures can be found at [msbc@manchester.gov.uk](mailto:msbc@manchester.gov.uk)

### **What staff should do if a child is seen as at risk of radicalisation**

Staff should follow the School's normal referral processes when there are concerns about children who may be at risk of being drawn into terrorism, as set out above. This may include a referral to Channel or children's social care depending on the level of risk. However, if staff have concerns that there is an immediate/significant risk of a child being drawn into terrorism they must call 999 or submit a referral form to MASH or call them directly. Advice and support can also be sought from children's social care.

The School, in recognition that students may be at risk of being drawn into terrorism or other forms of extremism, carries out appropriate risk assessments (following consultation with local partners, such as the Police) of the potential risk in the local area. Such risk assessments are discussed with the Head, DSL or DDSL and governors responsible for safeguarding] to ensure the School's safeguarding arrangements are sufficiently robust to help prevent and protect children from being drawn into terrorism and are regularly revised.

### **What staff should do if they discover an act of Female Genital Mutilation ('FGM')**

All staff should speak to the DSL or DDSL about any concerns about FGM. Teaching staff have a separate duty to report to the Police cases where they discover that an act of FGM appears to have been carried out on a girl under the age of 18. All staff are referred to Appendix 1 of this policy for the procedure to be followed where they suspect or discover that a student may be at risk of FGM.

### **What staff should do if a child goes missing from education**

Children who go missing from education, particularly on repeat occasions, is a potential indicator of a range of safeguarding possibilities. The School's procedures for unauthorised absence and for dealing with children who go missing from education are included in the School's attendance policy. Further detail can also be found at Appendix 1 of this policy.

The School will report to Manchester Local Authority a student who fails to attend school regularly or has been absent from school without the School's permission for a continuous period of 10 school days or more.

### **What staff should do if they have concerns about another staff member (including volunteers)**

If staff have safeguarding concerns, or an allegation is made about another staff member posing a risk of harm to children, then this should be referred to the Head and/or the Executive Head. Where there

are concerns/allegations about the Head or the Executive Head, where applicable, this should be referred to the Chair of the LGB and Head of Safeguarding. In the event of concerns/allegations of abuse being made, staff are referred to the procedures below regarding managing allegations of abuse against staff (including volunteers) and United Learning Guidance on Dealing with Allegations of Abuse against Teachers and Other Staff (available on the United Learning Hub).

### **What staff should do if they have concerns about safeguarding practices in the school**

Where staff have concerns about poor or unsafe practices and potential failures in the School's safeguarding regimes, these should be raised in accordance with the School's whistleblowing procedures which can be found on the HUB. There will be no disciplinary action taken against a member of staff for making such a report provided that it is done in good faith.

If staff and volunteers feel unable to raise an issue with the School, feel that their genuine concerns are not being (or have not been) addressed or are concerned about the way a concern is being handled, they may use other whistleblowing channels, such as the NSPCC whistleblowing advice line. Contact details for the NSPCC helpline can be found on the Key Contacts page at the start of this policy.

### **ARRANGEMENTS FOR DEALING WITH PEER-ON-PEER ALLEGATIONS**

Safeguarding issues can manifest themselves via peer-on-peer abuse. Peer-on-peer abuse is any form of physical, sexual, emotional and financial abuse, and coercive control, exercised between children and within children's relationships (both intimate and non-intimate). The School recognises the gendered nature of peer-on-peer abuse (i.e. that it is more likely that girls will be "victims" and boys "perpetrators") and that it can manifest itself in many ways and can include (but is not limited to) sexting, sexual assault, gender-based issues and harmful sexual behaviours including sexual violence and sexual harassment.

Peer-on-peer abuse can be associated with factors outside the School and can occur online and offline and between children of any age or gender. The School therefore takes a contextual safeguarding approach to managing peer-on-peer abuse.

Peer-on-peer abuse is abuse and is never acceptable. It should never be passed off or dismissed as "banter", "part of growing up", "just having a laugh" or "boys being boys".

The School takes the following steps to minimise the risk of peer-on-peer abuse:

Please see Appendix

The School's approach to sexting is included in the above Appendix Staff are also referred to United Learning E-Safety Policy (available on United Learning Hub).

Where an issue of student behaviour or bullying gives 'reasonable cause to suspect that a child is suffering, or is likely to suffer, significant harm', staff should follow the procedures below rather than the School's Anti-Bullying and Behaviour policies:

### **What to do if staff suspect that a child may be at risk or hears a report of peer-on-peer abuse**

The procedures set out below have been developed following consultation with students, staff and parents and will be reviewed, at least annually, in light of an assessment of the impact and effectiveness of the policy.

All cases of peer on peer abuse should be recorded on CPOMS as per all safeguarding concerns.

In the event of disclosures about peer-on-peer abuse, all children involved will be treated as being at risk and the safeguarding procedures in accordance with this policy will be followed (see '*Procedures for dealing with concerns about a child*'). This means that if a member of staff thinks for whatever reason that a child may be at risk of or experiencing abuse by their peer(s), or that a child may be at risk of abusing or may be abusing their peer(s), they should discuss their concern with the DSL without delay so that a course of action can be agreed.

The School recognises that a child is likely to disclose an allegation to someone they trust: this could be any member of staff. By making such a disclosure the pupil is likely to feel that the member of staff is in a position of trust.

All concerns/allegations of peer-on-peer abuse will be handled sensitively, appropriately and promptly and will be investigated including consideration of the wider context in which it may have occurred (as appropriate). The School treats all children involved as being at potential risk and ensures a safeguarding response is in place for both the child who has allegedly experienced the abuse, and the child who has allegedly been responsible for it. **Immediate** consideration will therefore be given as to how best to support and protect all children involved/impacted.

The School will take into account the views of the child/children affected. Unless it is considered unsafe to do so, the DSL should discuss the proposed action with the child/children and their parents following appropriate liaison with children's social care. The School should manage the child/children's expectations about information sharing, and keep them and their parents informed of developments, where appropriate and safe to do so.

All children affected by peer-on-peer abuse will be supported as per policy and support from external agencies will be sought, as appropriate. "Victims" will be reassured that they are being taken seriously and that they will be supported and kept safe. The School recognises that children with special educational needs and disabilities can be more prone to peer on peer group isolation than other children and will consider extra pastoral support for those children.

A student against whom an allegation of abuse has been made may be suspended from the School during the investigation. The School will take advice from the LCSB on the investigation of such allegations and will take all appropriate action to ensure the safety and welfare of all students involved including the alleged "victim" and "perpetrator". If it is necessary for a student to be interviewed by the Police in relation to allegations of abuse, the School will ensure that, subject to the advice of the LCSB, parents are informed as soon as possible and that the students involved are supported during the interview by an appropriate adult and until the investigation is completed. Confidentiality will be an important consideration for the School and advice will be sought as necessary from the LCSB and/or the Police as appropriate.

### **Reports concerning harmful sexual behaviour**

Where a report concerns an allegation of sexual violence and/or sexual harassment, if possible two members of staff should be present when managing a report (preferably one of them being the DSL or DDSL. The DSL or DDSL should be informed as soon as practically possible if they were not involved in the initial report.

Consideration of safeguarding all those children involved in the safeguarding report will be immediate. Following a report of sexual violence and/or sexual harassment the DSL will therefore consider the appropriate response. This will include:

- The wishes of the victim,
- The nature of the alleged incident,
- The ages of the children involved,
- The developmental stages of the children involved,
- Any power imbalance between the children,
- If the alleged incident is a one-off or sustained pattern,
- Any ongoing risks,
- Other related issues and context.

Any response and action will, as always, have at the centre the best interests of the child. The DSL will reassure any victim that they are being taken seriously and that they will be supported and kept safe. The victim will never be given the impression that they are creating a problem by reporting sexual violence or sexual harassment; nor would a victim ever be made to feel ashamed for making a report.

When there has been a report of sexual violence, the DSL (or a deputy DSL) should make an immediate risk and needs assessment in respect of each child affected by the abuse. Where there has been a report of sexual harassment, the need for a risk assessment should be considered on a case-by-case basis. The risk and needs assessment should consider:

- the “victim”;
- the alleged “perpetrator”; and
- the other children (and, if appropriate, staff) at the School.

The DSL will consider as part of the School’s response, the context within which such incidents and/or behaviours occur and the importance of anonymity. Risk assessments will be recorded (either written or electronic) and kept under review. The DSL will consider the risks posed to all students and put adequate measures in place to protect them and keep them safe. This may include consideration of the proximity of the “victim” and alleged “perpetrator” and considerations regarding shared classes, sharing school premises and school transport. Any professional risk assessment will inform the School’s approach.

The police may be informed of any harmful sexual behaviours including sexual violence and sexual harassment which are potentially criminal in nature, such as grabbing bottoms, breasts and genitalia. Rape, assault by penetration and sexual assaults will be passed to the police. A report to the police will generally be made in parallel with a referral to children’s social care.

If the DSL decides to make a referral to children’s social care and/or a report to the police against a “victim’s” wishes, the reasons should be explained to the student and appropriate specialist support offered. The DSL or DDSL will also work closely with children’s social care and other agencies are required to ensure any action taken under this policy does not jeopardise any statutory investigation and to discuss how the alleged “perpetrator”, staff, parents and others will be informed of the allegations and what information can be disclosed bearing in mind the need to protect those involved and their anonymity.

Regardless of the outcome of any criminal process, including where a child is subject to bail, the DSL will liaise with the police and children’s social care to ensure the welfare and safety of all children and update the risk assessment and ensure relevant protections and measures are in place for all children.

The School will consider whether disciplinary action may be appropriate for any child/children involved. Before deciding on appropriate action the School will always consider its duty to safeguard all children from harm; the underlying reasons for a child's behaviour; any unmet needs, or harm or abuse suffered by the child; the risk that the child may pose to other children; and the severity of the peer-on-peer abuse and the causes of it. Exclusion will only be considered as a last resort and only where necessary to ensure the safety and wellbeing of the other children in the School.

The DSL will ensure that where children move to another educational institution following an incident of peer-on-peer abuse, the new institution is made aware of any ongoing support needs and, where appropriate, any potential risks to other children and staff.

The School recognises that good record-keeping and monitoring of sexual violence and sexual harassment reports is essential and assists the School in meet its Public Sector Equality Duty.

### **ARRANGEMENTS FOR DEALING WITH CONCERNS/ALLEGATIONS OF ABUSE AGAINST TEACHERS AND OTHER STAFF (INCLUDING THE HEAD, GOVERNORS AND VOLUNTEERS)**

The School's procedures for managing concerns/ allegations against staff who are currently working in the School follows Department for Education statutory guidance and LCSB OR local safeguarding partners arrangements and applies when staff (including volunteers) have (or are alleged to have):

- Behaved in a way that has harmed a student, or may have harmed a student;
- Possibly committed a criminal offence against or related to a student; or
- Behaved towards a student in a way that indicated that they may pose a risk of harm if they were to work regularly or closely with children.

Allegations against a teacher who is no longer teaching should be referred to the Police. Historical (non-recent) allegations of abuse should be referred to the Police and also the LADO.

If an allegation is made against anyone working with children in the School, the School should not undertake their own investigation of allegations without prior consultation with the Local Authority 'designated officer' or, in the most serious cases, the Police, so as not to jeopardise statutory investigations. In borderline cases, the School may discuss informally with the 'designated officer' on a no-names basis.

All allegations should be investigated as a priority to avoid any delay.

1. All allegations which appear to meet the above reporting criteria are to be reported straight away to the 'case manager' who is the Head and/or the Executive Head. Where the Head or the Executive Head is absent or is the subject of the allegation or concern, reports should be made to Chair of the LGB and Head of Safeguarding. Where the Head or the Executive Head, is the subject of the allegation or concern, the Head or the Executive Head, where applicable must not be informed of the allegation prior to contact with Chair of the LGB, Head of Safeguarding and designated officer.
2. The case manager should immediately discuss the allegation with the designated officer and consider the nature, content and context of the allegation and agree a course of action including any involvement of the Police. (Where the case manager deems there to be an immediate risk to children or there is evidence of a possible criminal offence, the case

manager may involve the Police immediately.) All discussions should be recorded in writing, and any communication with both the individual and the parents of the child(ren) agreed. The designated officer should be informed within one working day of all allegations that come to the School's attention and appear to meet the criteria or that are made directly to the Police and/or children's social care.

3. The case manager will ensure that the individual who is subject of the allegation is informed as soon as possible and given an explanation of the likely course or action, unless there is an objection by children's social care or the Police. The case manager will appoint a named representative to keep the individual informed of the progress of the case and will consider what other support is appropriate for the individual.
4. The case manager should give careful consideration as to whether the circumstances of the case warrant suspension or whether alternative arrangements should be put in place until the allegation is resolved. The case manager will give due weight to the views of the designated officer and *KCSIE* when making a decision about suspension. Where the individual is suspended, the case manager will ensure they know who their point of contact is in the School and shall provide them with their contact details.
5. The case manager will ensure that parents are informed as soon as possible and kept informed about progress of the case, subject to any advice from children's social care or the Police.
6. The case manager will discuss with the designated officer whether a referral to the Disclosure and Barring Service or Teaching Regulation Agency should be made where an allegation is substantiated and the person is dismissed or the School ceases to use their services, or the person resigns or otherwise ceases to provide their services. The School has a legal obligation to report promptly to the Disclosure and Barring Service any person (whether employed, contracted, a volunteer or a student) who has harmed, or poses a risk of harm, to a child, or if there is reason to believe the member of staff has committed one of a number of listed offences, and who has been removed from working (paid or unpaid) in regulated activity, or would have been removed had they not left. Further, or in the alternative, if an investigation leads to the dismissal or resignation prior to dismissal of a member of teaching staff specifically, the School must consider making a referral to the Teaching Regulation Agency and a prohibition order may be appropriate (because that teacher has displayed unacceptable professional conduct, conduct that may bring the profession into disrepute or a conviction at any time for a relevant offence).
7. On conclusion of the case, the case manager should review the circumstances of the case with the designated officer to determine whether there are any improvements to be made to the School's safeguarding procedures or practices to help prevent similar events in the future.

The School will make every reasonable effort to maintain confidentiality and guard against unwanted publicity whilst an allegation is being investigated or considered.

Allegations found to be malicious will be removed from the individual's personnel records. In all other circumstances a written record will be made of the decision and retained on the individual's personnel file in accordance with *KCSIE* and a copy will only be provided to the individual concerned.

Allegations proven to be false, unsubstantiated, unfounded or malicious will not be included in employer references. If an allegation is shown to be deliberately invented or malicious, the Head will consider whether any disciplinary action is appropriate against a student who made it; or whether the

Police should be asked to consider if action might be appropriate against the person responsible even if they are not a student.

### **STAFF BEHAVIOUR POLICY / CODE OF CONDUCT**

The School's staff behaviour code of conduct can be found in the staff handbook. The aim of the staff behaviour code of conduct is to provide clear guidance about behaviour and actions so as to not place students or staff at risk of harm or of allegation of harm to a student.

### **SAFER RECRUITMENT**

The School is committed to safer recruitment processes and ongoing safer working practices. Members of the teaching and non-teaching staff at the School including part-time staff, temporary and supply staff, and visiting staff, such as musicians and sports coaches are subject to the necessary statutory child protection checks before starting work, for example, right to work checks, additional overseas checks (if necessary), verifying identity, taking up references, checking work history and confirming medical fitness for the role.

For most appointments, an enhanced DBS check with 'barred list' information will be appropriate. Under no circumstances will an individual commence work unsupervised in sole charge of, or in unaccompanied contact with, children without a cleared DBS check. In this case, the individual will have a separate Barred List check and the School will undertake a written Risk Assessment exercise in relation to the proposed work. All other safeguarding checks will be completed and the individual will be appropriately supervised. Please refer to Section C and Appendix 5 of the 'Safeguarding Children – HR Procedural Guidance' available on the United Learning Hub for further guidance.

Full details of the School's safer recruitment procedures for checking the suitability of staff, members of the School LGB and Trustees of ULT and volunteers to work with children and young people is set out in

- United Learning / the School's Recruitment and Selection Policy;
- United Learning's Safeguarding Children – HR Procedural Guidance;
- United Learning's LGB Handbook; and
- United Learning's guidance: Trustees - Recruitment, Appointment, and Removal Process

These documents are available on the United Learning Hub.}

The School's protocols for ensuring that any visiting speakers, whether invited by staff or students themselves, are suitable and appropriate supervised is set out in the School's Recruitment and Selection Policy}.

### **MANAGEMENT OF SAFEGUARDING**

The School's DSL is Liam Horrigan who is a member of the leadership team.

Richard Senior is the DDSL and the person to whom reports should be made in the absence of the DSL. Should both DSL/DDSL be unavailable, the person to whom reports should be made is Colette Walker, the Academy's safeguarding Champion. This ensures there is the required cover for the role at all times.

The DSL and DDSL's contact details can be found on the Key Contacts page at the start of this policy, as can those of Colette Walker.

The DSL's role is to take lead responsibility for safeguarding and child protection matters in the School. The DSL's responsibility is to maintain an overview of safeguarding within the School, to open channels of communication with local statutory agencies, to liaise closely with children's social care and the police), support staff in carrying out their safeguarding duties children's social care and the police),

support staff in carrying out their safeguarding duties and to monitor the effectiveness of the School's policies and procedures in practice. The DSL (and DDSL) are most likely to have a complete safeguarding picture and be the most appropriate person to advise on a response to a safeguarding concern.

The DSL works with the LGB to review and update the School's safeguarding policy. Where a student leaves the School, the DSL will also ensure their child protection file is transferred to the new school (separately from the main student file) as soon as possible. The DSL will ensure secure transit and obtain confirmation of receipt. The DSL will also consider if it would be appropriate to share any information with the new school in advance of a child leaving. For example, information that would allow the new school to continue supporting victims of abuse and have that support in place for when the child arrives. The School will ensure that key staff, such as the SENCO, are also aware of these arrangements, as required.

The DSL regularly reviews the School's and their own practices and concerns about welfare and safeguarding matters. This includes the personal and professional duty of all staff to report welfare and safeguarding concerns to the DSL, or in their absence, to a member of the senior management team or directly to local children's services.

The DSL or Deputy DSL will always be available to discuss safeguarding concerns. During term time, the DSL and/ or DDSL will always be available (during school hours) for staff in the School to discuss any safeguarding concerns. For out of hours/out of term activities, the School's arrangements are the DDSL or Level 3 trained member of the safeguarding team are available during school holidays. In any circumstances where this is not the case Manchester Local Authority Children'

Full details of the DSL's role can be found at Annex B of *KCSIE*.

Ultimate lead responsibility for safeguarding and child protection remains with the DSL and this responsibility should not be delegated.

## **TRAINING**

Induction and training (including online safety) are in line with advice from LCSB

### **All Staff**

All new staff will be provided with induction training that includes:

- the child protection policy, including information about the identity and role of the DSL(s) and DDSL
- the behaviour policy
- the safeguarding response to children who go missing from education
- the staff code of conduct including the School's whistleblowing procedure and the acceptable use of technologies policy, staff/student relationships and communications including the use of social media
- a copy of Part 1 of *KCSIE* (*updated annually*)
- School leaders and staff who work directly with children will also be required to read Annex A of *KCSIE*

Copies of the above documents are provided to all 'staff' during induction. On appointment and as part of United Learning Annual Declaration, all staff will receive and sign the up to date versions of the

Staff Student Relationship Letter and Acceptable Use Declaration. The staff code of conduct can be found in the Staff Handbook, a copy of which is available on the School intranet.

Temporary staff and volunteers are provided with a copy of the Staff Handbook

All staff are also required to:

- Read Part One of *KCSIE* and confirm that they have done so via a signed form. Each time Part One of *KCSIE* is updated by the Department for Education, Staff will be updated on the changes via email
- Understand key information contained in Part One of *KCSIE*. The School will ensure staff understanding by delivering training.
- Receive training in safeguarding and child protection regularly, in line with advice from the LCSB. Training will include online safety and harmful sexual behaviours including sexual violence and sexual harassment between children. It will also include Prevent awareness training to equip staff to raise concerns appropriately by ensuring all staff have the knowledge and confidence to identify children at risk of being drawn into terrorism; are able to challenge extremist ideas; and know how to refer children and young people for further help. All staff will also be made aware of the local early help process and understand their role in it.
- Undertake regular informal updates, at least annually, to provide them with relevant skills and knowledge to safeguard children effectively. The School provides these via, for example, emails, e-bulletins and staff meetings.

### **DSL(s)**

The DSL receives updated child protection training at least every two years to provide them with the knowledge and skills required to carry out the role. This includes local inter-agency working protocols, participation in child protection case conferences, supporting children in need, identifying children at risk of radicalisation, supporting SEND children particularly when online, overseeing online safety in school, record keeping and promoting a culture of listening to children, training in the LCSB approach to *Prevent* duties and harmful sexual behaviours Further details of the required training content for the DSL are set out in Annex B of *KCSIE*.

In addition to their formal training, the DSL's knowledge and skills are updated at least annually to keep up with any developments relevant to their role.

The DDSL is trained to the same level as the DSL.

### **OVERSIGHT OF SAFEGUARDING, INCLUDING ARRANGEMENTS FOR REVIEWING POLICIES AND PROCEDURES**

Sarah Squire is the board-level lead designated to take a lead in relation to responsibility for the Trust's safeguarding arrangements. Walid Omara is the LGB lead designated to take a lead in relation to responsibility for the safeguarding arrangements in the School. They are a member of the School's LGB.

A review of the School's child protection policies takes place at least annually, including an update and review of the effectiveness of procedures and their implementation. The review is a Peer to Peer review within the Cluster of the schools. The School draws on the expertise of staff, including the DSL(s), in shaping the School's safeguarding arrangements and policies.

If there has been a substantiated allegation against a member of staff, the School will work with the Local Authority designated officer to determine whether there are any improvements to be made to the School's procedures or practice to help prevent similar events in the future.

## **THE SCHOOL'S ARRANGEMENTS TO FULFIL OTHER SAFEGUARDING RESPONSIBILITIES**

### **Teaching children how to keep safe**

The local governing body ensures that all students are taught about safeguarding, including online, through the curriculum, Relationships and Sex education and PSHE to help children to adjust their behaviours in order to reduce risks and build resilience, including to radicalisation. This includes teaching students about the safe use of electronic equipment and the internet and the risks posed by adults or young people, who use the internet and social media to bully, groom, abuse or radicalise other people, especially children, young people and vulnerable adults. It will also include teaching students, for example about healthy relationships, consent and that sexual violence and sexual harassment is always wrong.

The School recognises the additional risks that children with SEND face online and works with the Head of IT to ensure that additional support and measures are in place to support these children. Online safety is an integral part of the School's ICT curriculum and also embedded in PSHE and Relationships and Sex education.

The School has appropriate filters and monitoring systems in place to safeguard children from potentially harmful and inappropriate material online. The School's systems are IMPERIO. Such systems aim to reduce the risk of children being exposed to illegal, inappropriate and harmful materials online; reduce the risk of children being subjected to harmful online interaction with others; and help manage online behaviour that can increase a child's likelihood of, or causes, harm. Further detail of the School's approach to online safety can be found in United Learning E-Safety Policy (available on the United Learning Hub) and in the School's E-Safety Policy which also includes detail on the use of mobile technology in school (and accessing 3G and 4G technology on school premises) and the School's IT arrangements to ensure that children are safe from terrorist and extremist material when accessing the internet through the School's systems.

### **Looked after children (and previously looked after children)**

Looked after children (and previously looked after children) are a particularly vulnerable group. The School will ensure that prompt action is taken when necessary to safeguard these children and the local governing body OR United Learning Trust ensures that staff have the skills, knowledge and understanding necessary to keep safe any children on roll who are looked after and previously looked after by a local authority.

Colette Walker is the designated member of teaching staff who has responsibility for their welfare and progress and to ensure that the needs identified in personal education plans are met. The School ensures that the designated member of staff receives appropriate training in order to carry out their role and has the information they need in relation to any child's looked after status, their care arrangements (including contact arrangements with birth parents and those with parental responsibility) and details of the child's social worker and virtual school head.

The designated member of staff will also have responsibility for promoting the educational achievement of children who have left care through adoption, special guardianship or child arrangement orders or who were adopted from state care and will work closely with virtual school heads to promote their educational achievement. The DSL will ensure they have details of the local

authority Personal Advisor appointed to guide and support any care leavers and will liaise with them as necessary regarding any issues of concern affecting them.

### **Use of 'reasonable force'**

The School recognises the additional vulnerability when using reasonable force in response to risks presented by incidents involving children with SEND or with medical conditions. The School will consider its duties under the Equality Act 2010 and their Public Sector Equality Duty. Positive and proactive behaviour support, for instance through drawing up individual behaviour plans for more vulnerable children, and agreeing them with parents and carers can reduce the occurrence of challenging behaviour and the need to use reasonable force.

### **Arrangements for Visiting Speakers**

The School has clear protocols for ensuring that any visiting speakers are appropriately supervised and suitable<sup>1</sup>. The School's responsibility to students is to ensure that they can critically assess the information they receive as to its value to themselves, and that the information is aligned to the ethos and values of the School and British values.

The School is required to undertake a risk assessment before agreeing to a Visiting Speaker being allowed to attend the School. This will take into account any vetting requirements considered appropriate in the circumstances, and may include a DBS check if relevant.

Visiting speakers will be expected to understand that, where appropriate, their session should actively promote the British values of democracy, the rule of law, individual liberty and mutual respect and tolerance of those with different faiths and beliefs and at no point undermine these. In some cases, the School may request a copy of the Visiting Speaker's presentation and/or footage in advance of the session being provided.

Visiting Speakers, whilst on the School site, will be supervised by a school employee. On attending the School, Visiting Speakers will be required to show original current identification documents including a photograph such as a passport or photo card driving licence. The School shall also keep a formal register of visiting speakers retained in line with its Data Protection Policy.

### **Duty to notify Ofsted**

The School will inform Ofsted of any significant event which is likely to affect the suitability of any person who is in regular contact with children on the premises where childcare is provided. For example, where the School is satisfied that a person working in a relevant setting falls within one of the disqualification criteria. Any significant event must be notified to Ofsted as soon as reasonably practicable, but at the latest within 14 days of the date the School became aware (or ought reasonably to have become aware) of it.

The School will notify Ofsted within 14 days of any allegations of serious harm or abuse by any person living, working or looking after children at the premises whether the allegations relate to harm or abuse committed on the premises or elsewhere.

### **Waiver from Disqualification**

Staff who are disqualified may apply to Ofsted for a waiver of disqualification, unless they are barred from working with children.

## **APPENDIX 1 –SIGNS AND TYPES OF ABUSE**

All school staff should be aware that abuse, neglect and safeguarding issues are rarely standalone events that can be covered by one definition or label. They can occur from within or outside families, in or out of school, from within peer groups or the wider community and/or online. In most cases, multiple issues will overlap with one another and children can therefore be vulnerable to multiple threats.

**Physical abuse:** a form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

**Emotional abuse:** the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone. Staff are referred to DfE guidance Sexual Violence and Sexual Harassment for further information.

**Sexual abuse:** involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse can take place online, and technology can be used to facilitate offline abuse. Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children. The sexual abuse of children by other children is a specific safeguarding issue in education.

**Neglect:** the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

**Specific safeguarding issues:** behaviours linked to drug taking, alcohol abuse, truanting and sexting put children in danger. Safeguarding issues can also manifest themselves via peer-on-peer abuse, such as bullying (including cyberbullying), gender-based violence/sexual assaults and sexting. Safeguarding issues can also be linked to, for example, children missing education; child sexual exploitation; domestic violence; fabricated or induced illness; faith abuse; female genital mutilation; forced marriage; gangs and youth violence; gender-based violence / violence against women and girls; hate; mental health; preventing radicalisation; relationship abuse; sexting; and trafficking.

**Child Sexual Exploitation (CSE):** CSE is a form of sexual abuse. It occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator. The victim may have been sexually exploited even if the sexual activity appears consensual. CSE does not always involve physical contact: it can also occur through the use of technology. CSE can affect any child or young person (male or female) under the age of 18 years, including 16 and 17 year olds who can legally consent to have sex; can still be abuse even if the sexual activity appears consensual; can include both contact (penetrative and non-penetrative acts) and non-contact sexual activity; can take place in person or via technology, or a combination of both; can involve force and/or enticement-based methods of compliance and may, or may not, be accompanied by violence or threats of violence; may occur without the child or young person's immediate knowledge (e.g. through others copying videos or images they have created and posted on social media); can be perpetrated by individuals or groups, males or females, and children or adults. The abuse can be a one-off occurrence or a series of incidents over time, and range from opportunistic to complex organised abuse; and is typified by some form of power imbalance in favour of those perpetrating the abuse. Whilst age may be the most obvious, this power imbalance can also be due to a range of other factors including gender, sexual identity, cognitive ability, physical strength, status, and access to economic or other resources. Some of the following signs may be indicators of sexual exploitation:

- Children who appear with unexplained gifts or new possessions;
- Children who associate with other young people involved in exploitation;
- Children who have older boyfriends or girlfriends;
- Children who suffer from sexually transmitted infections or become pregnant;
- Children who suffer from changes in emotional well-being;
- Children who misuse drugs and alcohol;
- Children who go missing for periods of time or regularly come home late; and
- Children who regularly miss school or education or do not take part in education.

CSE is a geographically widespread form of harm that is a typical feature of county lines criminal activity: drug networks or gangs groom and exploit children and young people to carry drugs and money from urban areas to suburban and rural areas, market and seaside towns. Key to identifying potential involvement in county lines are missing episodes, when the victim may have been trafficked for the purpose of drugs trafficking. The DSL or DDSL will consider a referral to the National Referral Mechanism as soon as possible if there are county line concerns, such as a child being a potential victim of modern slavery or human trafficking.

**So Called 'Honour Based' Violence:** encompasses crimes which have been committed to protect or defend the honour of the family and/or the community, including Female Genital Mutilation (FGM)], forced marriage, and practices such as breast ironing. It can include multiple perpetrators.

FGM comprises all procedures involving partial or total removal of the external female genitalia or other injury to the female genital organs. Guidance on the warning signs that FGM may be about to take place, or may have already taken place, can also be found on pages 38-41 of the Multi-agency statutory guidance on FGM.

If staff have a concern that a student may be at risk of HBV or has suffered HBV, they should speak to the DSL (or DDSL). As appropriate they will activate local safeguarding procedures, using existing national and local protocols for multi-agency liaison with Police and Children's Social Care.

There is a statutory duty on teachers to personally report to the Police where they **discover** (either through disclosure by the victim or visual evidence) that FGM appears to have been carried out on a girl under 18. Unless the teacher has a good reason not to, they should still consider and discuss any such case with the DSL and involve children's social care as appropriate. If the teacher is unsure whether this reporting duty applies, they should discuss their concerns with the DSL in accordance with this policy. Where a teacher suspects that a student is at risk (i.e. where the teacher does not discover that an act of FGM appears to have been carried out, either through disclosure by the victim or visual evidence) or it involves a student over 18, teachers should follow the School's local safeguarding procedures.

**Forced Marriage:** Forcing a person into a marriage is a crime in England and Wales. A forced marriage is one entered into without the full and free consent of one or both parties and where violence, threats or any other form of coercion is used to cause a person to enter into a marriage. Threats can be physical or emotional and psychological. A lack of full and free consent can be where a person does not consent or where they cannot consent (if they have learning disabilities, for example). Nevertheless, some communities use religion and culture as a way to coerce a person into marriage. Schools and colleges can play an important role in safeguarding children from forced marriage. There are a range of potential indicators that a child may be at risk of forced marriage, details of which can be found on pages 13-14 of the Multi-agency guidelines: Handling cases of forced marriage. School staff can also contact the Forced Marriage Unit if they need advice or information: Contact: 020 7008 0151 or email [fm@fco.gov.uk](mailto:fm@fco.gov.uk).

**Radicalisation:** Radicalisation refers to the process by which a person comes to support terrorism and extremist ideologies associated with terrorist groups. Extremism is vocal or active opposition to fundamental British values, including democracy, the rule of law, individual liberty and mutual respect and tolerance of different faiths and beliefs. It can also call for the death of members of the armed forces.

There is no single way of identifying a child is likely to be susceptible to an extremist ideology. Background factors combined with specific influences such as family and friends may contribute to a child's vulnerability. Similarly, radicalisation can occur through different methods such as online. As with other safeguarding risks, staff should be alert to changes in children's behaviour, which could indicate that they may be in need of help or protection. Staff should use their judgement in identifying children who might be at risk of radicalisation and act proportionately, which may include the DSL or DDSL making a referral to the Channel programme.

**Special Educational Needs and/or Disabilities:** Students with SEND may not outwardly shown signs of abuse and/or may have difficulties in communication about abuse or neglect. Students with SEND are more likely to be abused by their peers. These can include:

- assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability without further exploration;
- being more prone to peer group isolation than other children
- the potential for children with SEN and disabilities being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs; and
- communication barriers and difficulties in overcoming these barriers.

To address these additional challenges, the School has put in place the following pastoral support measures – SEE APPENDIX 5

Staff will support such students in expressing any concerns they may have and will be particularly vigilant to any signs or indicators of abuse, discussing this with the DSL as appropriate. Any reports of abuse involving children with SEND will entail close liaison with the DSL or DDSL and named person with oversight for SEN.

**Lesbian, Gay, Bi or Trans (LGBT):** Children who are LGBT can be targeted by their peers. In some cases, a student who is perceived by their peers to be LGBT (whether they are or not) can be just as vulnerable as children who identify as LGBT.

**Children and the court system:** Children are sometime required to give evidence in criminal courts, either for crimes committed against them or for crimes they have witnessed, and this will be stressful for them. Making child arrangements following separation can also be stressful and entrench conflict in families. Staff should be alert to the needs of such students and report any concerns to the DSL or DDSL in accordance with this policy.

**Children who go missing from education or school:** A child going missing is a potential indicator of a range of safeguarding possibilities, such as abuse or neglect. The School attempts to hold more than one emergency contact number for each student so additional options are available to make contact with a responsible adult when a child goes missing is also identified as a welfare and/or safety concern.

Staff must follow the School's procedures for dealing with children who go missing, particularly on repeat occasions. The School's procedure for dealing with children who go missing can be found in the School's Missing Children Policy. All unexplained or unauthorised absences will be followed up in accordance with this Missing Children Policy.

The School shall inform the local authority of any student who is going to be added to or deleted from the School's admission register at non-standard transition points in accordance with the requirements of the Education (Pupil Registration) (England) Regulations 2006 (as amended). This will assist the local authority to:

- a) fulfil its duty to identify children of compulsory school age who are missing from education; and
- b) follow up with any child who might be in danger of not receiving an education and who might be at risk of abuse, neglect or radicalisation.

School attendance registers are carefully monitored to identify any trends. The School will inform the local authority (and the local authority where the child is normally resident) of any student who fails to attend school regularly, or has been absent without the School's permission for a continuous period of 10 school days or more.

Action should be taken in accordance with this policy if any absence of a student from the School gives rise to a concern about their welfare.

**Children with family members in prison:** Children who have a parent in prison are at risk of poor outcomes including poverty, stigma, isolation and poor mental health. Staff should be alert to the needs of such students and report any concerns to the DSL or DDSL in accordance with this policy.

**Domestic Abuse:** domestic violence and abuse is any incident or pattern of incidents of controlling, coercive, threatening behaviour, violence or abuse between those aged 16 or over who are, or have been, intimate partners or family members regardless of gender or sexuality. The abuse can encompass, but is not limited to psychological; physical; sexual; financial; and emotional abuse.

**Homelessness:** Indicators that a family may be at risk of homelessness include household debt, rent arrears, domestic abuse and anti-social behaviour, as well as the family being asked to leave a property. The DSL or DDSL will raise/progress any concerns about homelessness with the Local Housing Authority although this does not replace a referral into children's social care where a child has been harmed or is at risk of harm.

**Peer on peer abuse:** peer on peer abuse can take many forms and can include (but is not limited to) bullying (including cyberbullying); sexual violence and sexual harassment; physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm; sexting and initiating/hazing type violence and rituals. Girls, students with SEND and LGBT children are more at risk of peer-on-peer abuse.

Signs that a child may be suffering from peer-on-peer abuse can also overlap with those indicating other types of abuse and can include:

- failing to attend school, disengaging from classes or struggling to carry out school related tasks to
- the standard ordinarily expected;
- physical injuries;
- experiencing difficulties with mental health and/or emotional wellbeing;
- becoming withdrawn and/or shy; experiencing headaches, stomach aches, anxiety and/or panic
- attacks; suffering from nightmares or lack of sleep or sleeping too much;
- broader changes in behaviour including alcohol or substance misuse;
- changes in appearance and/or starting to act in a way that is not appropriate for the child's age;
- abusive behaviour towards others.

Sexual violence and sexual harassment, as a type of peer on peer abuse, may overlap and can occur online and offline (both physical and verbal). Sexual violence are sexual offences of rape, assault by penetration and sexual assault. Sexual harassment is unwanted conduct of a sexual nature and is likely to violate a child's dignity and/or make them feel intimidated, degraded or humiliated and/or create a hostile, offensive or sexualised environment. Examples of sexual harassment include sexual comments sexual "jokes" or taunting; physical behaviour such as deliberately brushing against someone; non-consensual sharing of sexual images and sexualised online bullying.

If staff have a concern about a child or a child make a report to the, staff should follow the referral process in this policy. If staff are in any doubt about what to do they should speak to the DSL or DDSL.

## **APPENDIX 2 – Meet the Safeguarding Team**

### **The Deputy Designated Safeguarding Leads are:**

DSL - LIAM HORRIGAN VP

SAFEGUARDING CHAMPION - COLETTE WALKER

ATTENDANCE OFFICER - SINEAD NELSON

COMMUNITY ENGAGEMENT OFFICER - MOHAMMED ADAM

GMP SCHOOL LIAISON OFFICER - PC LEANNE BARR SCHOOL

NURSE - VICKY CANN

SCHOOL COUNSELLOR - SHANNAZ ESSAFI

LGB – WALID OMARA

## APPENDIX 4 – STAFF/STUDENT RELATIONSHIP LETTER AND GUIDANCE NOTES

Manchester Academy

September 2019

Dear *[Name]*

Every one of us working within United Learning, whatever our role, is acutely aware that the protection of children is of the highest possible importance. Trust underpins everything that we do in schools. The parents of our pupils entrust the care of their children to us and together we are all responsible for their wellbeing. United Learning also has a responsibility to ensure that those working in our schools are themselves protected - against putting themselves in a vulnerable position and against the possibility of false accusation.

This letter has also been prompted by the isolated actions of a tiny handful of employees who have acted improperly or who have found themselves – or who have put themselves – in a vulnerable position. Increasingly, this is in relation to the inappropriate use of social media. These instances have all led to disciplinary action including in the most serious cases dismissal for gross misconduct. I am writing to every person employed by United Learning to remind us all just how serious these matters are but also to offer some advice as to how to respond in potentially difficult situations.

Heads will discuss this issue with their staff at appropriate times during the school year. This letter reinforces those statements and ensures that no-one associated with our schools is in any doubt that child protection is an issue that must be treated with the utmost seriousness. Acts of child abuse may be blatant and incontrovertible. However, they may also be more subtle.

It must be understood that the following are almost always inappropriate within the professional context of schools and can easily be construed as child abuse in some circumstances:

- touching and physical contact, other than for staff working with very young children in primary or nursery settings, where it is expected that they will have necessary physical contact and display affection to properly fulfil their role to nurture, support and care for those children;
- personal emails/text messages or contact through social and personal networking websites/services.

Against this background, we must ensure that no situation could arise which is or could reasonably be construed as acting against the safety of each child. This is not always an easy line to draw but crossing that line, or being in a position where it appears that the line has been crossed, is unacceptable. Some adults within the school undertake roles where this is even more important because of the ease with which the proper execution of their duties might be misinterpreted or because the vulnerability of the young people in their care might be more easily exploited. These might include those:

- working in boarding houses or residential situations, including, for example, school trips and excursions;
- whose work requires them to interact in a one to one situation, particularly when that work takes place behind closed doors as is often the case with peripatetic music lessons;
- whose work by its nature requires some physical contact with children, for example, those working with very young children and those involved in the coaching of sport or other practical subjects where a correct technique may need to be demonstrated;
- who have high levels of access to ICT systems and, indeed, all who use the internet, email, text messaging and other forms of electronic communication;
- young employees and workers whose duties require them to work with older pupils (e.g. sixth formers) where the age differential is quite small;
- who work with especially vulnerable children for example those with special educational needs, disabilities, mental illness or those that require intimate care.

Within each school, Head Teachers will issue both verbal and written guidance from time to time and will make available appropriate training to help everyone deal with this difficult issue. A statement of guidance follows this letter. The DfE has published updated guidance for all schools on their duties to safeguard and promote the wellbeing of children, '[Keeping Children Safe in Education](#)' (DfE, [September 2019](#)). It is important that you are familiar with this guidance and, as a statutory minimum, have read and can demonstrate your understanding of your responsibilities in relation to Keeping Children Safe in Education Part 1 and Annex A.

Finally, having said all this, it is still important for all of us to retain an appropriate balance. The United Learning Board greatly appreciate the devotion and commitment of all of you who work in our schools. We know that your work is effective because every day you respect and care for children, enjoy their company and celebrate their achievements. The trust placed in us as we guide young people through their formative years is huge; we all need to help each other shoulder this responsibility to the very best of our ability.

Yours sincerely

Jon Coles  
Chief Executive  
United Learning

James Eldon  
Principal  
Manchester Academy

This guidance is not exhaustive and is designed to set out principles rather than to give detailed and specific advice. Clearly, the circumstances in which staff work vary (e.g. working with very young

children, boarding staff, sports staff, etc.); this guidance is meant to give general principles only.

Indeed, for staff working with very young children in primary or nursery settings it is expected that they will have necessary physical contact and display affection to properly fulfil their role to nurture, support and care for those children. Although this advice applies primarily to teachers and to other adults with educational roles, all adults working within schools relate to students during the course of their duties; again, the general principles apply equally to all who are involved in the school. Staff should be aware that departure from this guidance could result in disciplinary action.

- 1 The relationship between staff and students is a professional one. It is fully expected – and, indeed, hoped – that staff in the school have a friendly and caring relationship with students; nevertheless, the basis of that relationship is professional not personal. It is suggested that a good test to apply is to reflect on whether the child’s parents would be happy with the relationship if they were standing with you.
- 2 A personal relationship between staff and a student is inappropriate unless it is with the full knowledge and consent of the student’s parents or guardians. Circumstances in which such a personal relationship may arise might be when your own children are friends with those in the school or when you have a personal relationship with parents of children in the school. It is not normally appropriate for a member of staff to meet with a student out of school hours or off school premises except with the prior knowledge and consent of parents and the school.
- 3 In general, unnecessary physical contact with students must be avoided. In some circumstances, physical contact between a member of staff and a student is necessary and beneficial; it might be, for example, that a Reception teacher might need to pick up a 5 year old who has fallen over in the playground, a sports coach may need to demonstrate to a student how to hold a racket or a secondary teacher may give a student a gentle pat on the back as encouragement. In rare circumstances it may be appropriate for members of staff to use reasonable restraint in circumstances where a student is behaving in a manner which endangers him or herself or other people. In these situations, staff are advised to be very sensitive to the student’s likely reaction and to watch out for signs that the student is apprehensive or uncomfortable. We all have our own personal space that needs to be protected.
- 4 Over-familiar words and actions, displays of affection, discussion of one’s personal life or the personal life of the student are almost always inappropriate. Sexual innuendo is wrong in all circumstances. Staff must avoid actions, words or expressions that could be interpreted as suggesting that they have an emotional relationship with any student. In the professional staff-student relationship it is not appropriate to single a student out for favours or to suggest to a student that he or she is a special friend.
- 5 Occasionally it is necessary for professional academic reasons for staff to communicate with students out of school. Except where absolutely necessary, personal email addresses, home, mobile phone numbers, social media contact details or text based messaging aliases must not be given, asked for or used. A staff mobile phone number might be given to students for use during an educational visit; where possible, the school’s mobile phone (if there is one) should be used for this purpose. Pastoral matters should not normally be dealt with by personal email

or using personal phone contacts. Only in the most exceptional circumstances, for instance, where there is well-founded concern for the unexplained whereabouts of a student, should pastoral matters be dealt with by personal email, using personal phone contact or other personal communication tools. In any event, records of all contacts must be kept on the student file so that if it is necessary to use email or personal contact, the reason why will be specified in the written record. It is very difficult to envisage circumstances under which individual contact is appropriate except through official school channels.

- 6 It is not normally appropriate for students to visit a member of staff in their own home. Such a visit might be more likely within a boarding context where staff live on site and so might invite a group of students– say, a tutorial group – to their house for a meeting or for a celebration. Where such a visit does take place, it must be with the full knowledge and consent of the School and parents/guardians. If possible, more than one adult should be present on such an occasion.
- 7 With older students, where a gathering is held as part of a celebration, it is generally advisable if that is held on school premises. It is essential that professional criteria (e.g. all the students in a particular teaching or tutorial group) rather than personal criteria (e.g. selected students only) are used for inviting students, that the event is held openly, and that senior colleagues are aware of it. Staff on such an occasion have a particular duty to ensure that the supply and consumption of alcohol is appropriate, is responsible and falls within the law and the school's guidelines on alcohol. As a rule, staff should not consume alcohol whilst in the company of children. This includes educational visits and celebratory functions. There will be occasional situations where alcohol is served either at a meal or school function and in these instances should be approved by the Head Teacher in advance.
- 8 Wherever possible when working with students, other people (adults, colleagues or students) should be present or the door should be open. All members of staff who, in the course of their professional duties, need to work on a one-to-one basis with a student (e.g. a piano lesson, a maths tutorial, etc.), must take care to ensure that the circumstances of the meeting or lesson are always entirely professional. Staff are advised to use a room which has vision panels in the door or keep the door open and ensure that colleagues know that the meeting or lesson is taking place. It is helpful if the meeting or lesson can be arranged during normal school hours or immediately before or after school when there are plenty of other people about. Similarly, where it is necessary for staff to drive students in their own cars, e.g. to sporting fixtures, drivers should ensure they are not alone with just one student, written parental consent should be obtained and a central dropping off point arranged rather than home drops.
- 9 Staff must avoid threatening words, raised voices and any aggressive contact such as holding, pushing, pulling or hitting, which could amount to or which could be interpreted as a criminal assault.
- 10 There are circumstances when it is appropriate for staff to use reasonable force to safeguard children and young people. The term 'reasonable force' covers a broad range of actions that involve a degree of physical contact to control or restrain children. This can range from guiding a child to safety by the arm, to more extreme circumstances such as breaking up a fight or where a young person needs to be restrained to prevent injury or violence. 'Reasonable' in these circumstances means 'using no more force than is needed'. This may involve either passive physical contact, such as standing between pupils, or active physical contact such as leading the pupil by the arm. Current DfE guidance is contained in ['Using Reasonable Force: Advice for head teachers, staff and governing bodies'](#) which can be found on United Hub.

Members of staff must also ensure they are familiar with the Independent School's/Academy's physical restraint policy and procedures document.

- 11 Social networking sites used for personal use, such as Facebook, Twitter, Instagram and other social media, pose risks for all staff in terms of professional integrity and the welfare of students.
  - (a) Staff must not use these sites to contact or communicate with current students, students who have recently left, or ex-students under the age of 18 or who are still in full time education. Employees wishing to befriend students who are over 18 and who have left school should do so with extreme caution and with the knowledge that any content posted on either ex-students' or their own social network, may not only compromise their own position but that of any colleagues with whom they are also friends and who may not want their content to be seen by any ex-student. Unfortunately, some students post information on their social networking sites which is inappropriate in language or visuals. To view such pages may alter your judgement of students, to be known to be viewing them may alter a student's view of you, and to comment to students about what you have seen is likely to have an impact on your professional reputation, as well as possibly causing distress to students concerned.
  - (b) Social media should not be used to address concerns regarding a student's welfare, which should instead be raised with an appropriate member of the school's SLT or safeguarding team.
  - (c) Caution should also be taken when staff become friends with parents of children at the school, or staff with children at the school, when posting or commenting on posts within social media and ensure that they do not put themselves at risk of any accusations or bring their school into disrepute.
  - (d) Should you become aware of material about yourself, the school, a student, a colleague or the Group, which is inappropriate, the Senior Leadership Team must be informed and they will instruct a member of staff to check the allegations and inform the appropriate authorities. You must not check it out yourself.
  
- 12 Social networking sites used for professional use, such as LinkedIn, Twitter, YouTube, and other social media, also pose risks for all staff in terms of professional integrity and the welfare of pupils.
  - (a) Before using social media for professional purposes, or as part of their teaching, staff should seek guidance and training on the risks associated with using social media.
  - (b) Staff should not follow students' personal social media feeds even though it is likely that students will be following them. It may be appropriate to follow students if done as part of an educational activity but this should be properly risk assessed and not using students' personal accounts.
  - (c) Staff are advised not to accept connection requests on sites such as LinkedIn from students. Accepting requests from ex-pupils post 16 or 18 should be used with care and thought given to how much information is visible to connections – phone numbers, email addresses etc.
  - (d) When uploading images or posting content on social media platforms, you should not link to children's online personas through tagging or mentions as this will increase the risk to them from online threats. You should also ensure you comply with the school image use policy; such as not including names with pictures and ensuring parental permission has been given before posting a child's image.
  - (e) All content posted will be linked to you and your employer. Should you become aware of material about yourself, the school, a pupil, a colleague or the Group, which is inappropriate, the Senior Leadership Team must be informed and they will instruct a

member of staff to check the allegations and inform the appropriate authorities. You must not check it out yourself.

- 13 If you are at all concerned about anything which has occurred or which has made you uncomfortable, you must discuss the matter with a senior colleague at the earliest opportunity, even if it turns out that nothing untoward has happened. You must make a written record, dated and signed, of any such incident.
- 14 Where any allegation of abuse is made against a teacher, other member of staff or volunteer, the Group is committed to dealing with the allegation fairly, quickly and consistently, in a way that provides effective protection for the child and at the same time supports the person who is the subject of the allegation.
- 15 Staff will also find information relevant to staff-student relationships in the policies and procedures in their school or academy which they should make themselves familiar with and cover the following:
  - (a) Safeguarding Policy and Child Protection Policy and Procedures;
  - (b) Behaviour and Discipline;
  - (c) Physical Restraint;
  - (d) Email and Internet Acceptable Use Policy;
  - (e) Social Media Policy.

## **Peer on Peer Abuse Policy and Procedure Guidance**

### **Introduction**

While it is recommended that Peer on Peer abuse is part of the Safeguarding Children and Child Protection Policy, due to the sensitive nature and specific issues involved with peer on peer abuse we have completed this separate policy guidance template.

At Manchester Academy we continue to ensure that any form of abuse or harmful behaviour is dealt with immediately and consistently to reduce the extent of harm to the young person, with full consideration to impact on that individual child's emotional and mental health and well-being.

### **Purpose and Aim**

Children and young people may be harmful to one another in a number of ways which would be classified as peer on peer abuse. The purpose of this policy is to explore the many forms of peer on peer abuse and include a planned and supportive response to the issues.

At Manchester Academy we have the following policies in place that should be read in conjunction with this policy:

Anti-Bullying Policy  
Safeguarding Children and Child Protection Policy  
Online Safety Policy  
Self-Harm Policy  
Child Missing in Education Policy  
Mental Health Policy  
Safeguarding Against Extremism and Radicalisation Policy  
Behaviour Policy  
Equality and Diversity Policy  
SEN Policy

### **Framework and Legislation**

This policy is supported by the key principles of the Children's Act, 1989 that the child's welfare is paramount. Another key document that focuses adult thinking towards the views

of the child is Working Together to Safeguard Children, 2018, highlighting that every assessment of a child, *'should take account of the child's wishes and feelings wherever possible'* and within that *'such cases should consider the individual needs and vulnerabilities of each child when planning appropriate services.* (Working Together, 2018:23) This is clearly echoed by Keeping Children Safe in Education, 2020 through ensuring procedures are in place in schools and settings to hear the voice of the child.

### **Introduction to abuse and harmful behaviour**

Abusive behaviour can happen to pupils in schools and settings and it is necessary to consider what abuse is and looks like, how it can be managed and what appropriate support and intervention can be put in place to meet the needs of the individual and what preventative strategies may be put in place to reduce further risk of harm.

Abuse is abuse and should never be tolerated or passed off as 'banter' or 'part of growing up'. Equally, abuse issues can sometimes be gender specific e.g. girls being sexually touched/assaulted and boys being subject to initiation/hazing type violence (KCSIE, 2016). It is important to consider the forms abuse may take and the subsequent actions required.

### **Types of abuse**

There are many forms of abuse that may occur between peers and this list is not exhaustive. Each form of abuse or prejudiced behaviour is described in detail followed by advice and support on actions to be taken.

#### **Physical abuse e.g. (biting, hitting, kicking, hair pulling etc.)**

Physical abuse may include, hitting, kicking, nipping, shaking, biting, hair pulling, or otherwise causing physical harm to another person. There may be many reasons why a child harms another and it is important to understand why a young person has engaged in such behaviour, including accidentally before considering the action or punishment to be undertaken.

#### **Sexually harmful behaviour/sexual abuse e.g. (inappropriate sexual language, touching, sexual assault etc.)**

Sexually harmful behaviour from young people is not always contrived or with the intent to harm others. There may be many reasons why a young person engages in sexually harmful behaviour and it may be just as distressing to the young person who instigates it as well as the young person it is intended towards. Sexually harmful behaviour may range from inappropriate sexual language, inappropriate role play, to sexually touching another or sexual assault/abuse.

#### **Bullying (physical, name calling, homophobic etc.)**

Bullying is unwanted, aggressive behaviour among school aged children that involves a real or perceived power imbalance. The behaviour is repeated, or has the potential to be

repeated, over time. Both young people who are bullied and who bully others may have serious, lasting problems.

In order to be considered bullying, the behaviour must be aggressive and include:

- An Imbalance of Power: Young people who bully use their power—such as physical strength, access to embarrassing information, or popularity—to control or harm others. Power imbalances can change over time and in different situations, even if they involve the same people.
- Repetition: Bullying behaviours happen more than once or have the potential to happen more than once.

Bullying includes actions such as making threats, spreading rumours, attacking someone physically or verbally or for a particular reason e.g. size, hair colour, gender, sexual orientation, and excluding someone from a group on purpose.

### **Cyber bullying**

Cyberbullying is the use of phones, instant messaging, e-mail, chat rooms or social networking sites such as Facebook and Twitter to harass threaten or intimidate someone for the same reasons as stated above.

It is important to state that cyber bullying can very easily fall into criminal behaviour under the Malicious Communications Act 1988 under section 1 which states that electronic communications which are indecent or grossly offensive, convey a threat or false information or demonstrate that there is an intention to cause distress or anxiety to the victim would be deemed to be criminal. This is also supported by the Communications Act 2003, Section 127 which states that electronic communications which are grossly offensive or indecent, obscene or menacing, or false, used again for the purpose of causing annoyance, inconvenience or needless anxiety to another could also be deemed to be criminal behaviour.

If the behaviour involves the use of taking or distributing indecent images of young people under the age of 18 then this is also a criminal offence under the Sexual Offences Act 2003. Outside of the immediate support young people may require in these instances, the school will have no choice but to involve the police to investigate these situations.

### **Sexting**

Sexting is when someone sends or receives a sexually explicit text, image or video. This includes sending 'nude pics', 'rude pics' or 'nude selfies'. Pressuring someone into sending a nude picture can happen in any relationship and to anyone, whatever their age, gender or sexual preference.

However, once the image is taken and sent, the sender has lost control of the image and these images could end up anywhere. By having in their possession, or distributing, indecent images of a person under 18 on to someone else, young people are not even aware that they

could be breaking the law as stated as these are offences under the Sexual Offences Act 2003.

### **Initiation/Hazing**

Hazing is a form of initiation ceremony which is used to induct newcomers into an organisation such as a private school, sports team etc. There are a number of different forms, from relatively mild rituals to severe and sometimes violent ceremonies.

The idea behind this practice is that it welcomes newcomers by subjecting them to a series of trials which promote a bond between them. After the hazing is over, the newcomers also have something in common with older members of the organisation, because they all experienced it as part of a rite of passage. Many rituals involve humiliation, embarrassment, abuse, and harassment.

### **Prejudiced Behaviour**

The term prejudice-related bullying refers to a range of hurtful behaviour, physical or emotional or both, which causes someone to feel powerless, worthless, excluded or marginalised, and which is connected with prejudices around belonging, identity and equality in wider society – in particular, prejudices to do with disabilities and special educational needs, ethnic, cultural and religious backgrounds, gender, home life, (for example in relation to issues of care, parental occupation, poverty and social class) and sexual identity (homosexual, bisexual, transsexual).

### **Teenage relationship abuse**

Teenage relationship abuse is defined as a pattern of actual or threatened acts of physical, sexual, and/or emotional abuse, perpetrated by an adolescent (between the ages of 13 and 18) against a current or former partner. Abuse may include insults, coercion, social sabotage, sexual harassment, threats and/or acts of physical or sexual abuse. The abusive teen uses this pattern of violent and coercive behaviour, in a heterosexual or same gender relationship, in order to gain power and maintain control over the partner.

### **Expected action taken from all staff**

Although the type of abuse may have a varying effect on the victim and initiator of the harm, these simple steps can help clarify the situation and establish the facts before deciding the consequences for those involved in perpetrating harm.

It is important to deal with a situation of peer abuse immediately and sensitively. It is necessary to gather the information as soon as possible to get the true facts around what has occurred as soon after the child(ren) may have forgotten. It is equally important to deal with it sensitively and think about the language used and the impact of that language on both the children and the parents when they become involved. For example; do not use the word perpetrator, this can quickly create a 'blame' culture and leave a child labelled.

In all cases of peer on peer abuse it is necessary that all staff are trained in dealing with such incidents, talking to young people and instigating immediate support in a calm and consistent manner. Staff should not be prejudiced, judgemental, dismissive or irresponsible in dealing with such sensitive matters.

### **Gather the Facts**

Speak to all the young people involved separately, gain a statement of facts from them and use **consistent language** and **open questions** for each account. The easiest way to do this is not to have a line of questioning but to ask the young people to tell you what happened. Only interrupt the young person from this to gain clarity with open questions, 'where, when, why, who'. (What happened? Who observed the incident? What was seen? What was heard? Did anyone intervene?)

### **Consider the Intent (begin to Risk Assess)**

Has this been a deliberate or contrived situation for a young person to be able to harm another?

### **Decide on your next course of action**

Please follow Manchester Local Authority Peer on Peer Abuse Pathway (Appendix A).

If from the information that you gather you believe any young person to be at risk of significant harm you must make a safeguarding referral to social care immediately (where a crime has been committed the police should be involved also). If this is the case, once social care has been contacted and made a decision on what will happen next then you will be informed on your next steps.

If social care and the police intend to pursue this further they may ask to interview the young people in school or they may ask for parents to come to school to be spoken to also. It is important to be prepared for every situation and the potential time it may take.

It may also be that social care feel that it does not meet their criteria in which case you may challenge that decision, with that individual or their line manager. If on discussion however, you agree with the decision, you may then be left to inform parents.

### **Informing parents**

If, once appropriate advice has been sought from police/social care you have agreement to inform parents or have been allocated that role from the other services involved then you need to inform the parents as soon as possible. If services are not going to be involved then equally, this information may need to be shared with parents. If a young person is deemed to be 'Gillick Competent' following the 'Fraser' guidelines and does not wish you to share the information with parents, then the school must consider this especially for example if the young person is pregnant and this is why they are being bullied (unless this has occurred

through significant harm in which case a criminal/social care case is likely or the young person is under the age of 13).

In all circumstances where the risk of harm to the child is evident then the school should encourage the young person to share the information with their parent or even with them (they may be scared to tell parents that they are being harmed in any way). Where school can evidence they are acting in the best interests of the young person they would not be criticised, however this would be the case if they actively breached the rights and choices of the young person.

The best way to inform parents is face to face. Although this may be time consuming, the nature of the incident and the type of harm/abuse a young person may be suffering can cause fear and anxiety to parents whether their child is the child who was harmed or who harmed another.

**Points to consider:**

**What is the age of the children involved?**

How old are the young people involved in the incident and is there any age difference between those involved?

**Where did the incident or incidents take place?**

Was the incident in an open, visible place to others? If so was it observed? If not, is more supervision required within this particular area?

**What was the explanation by all children involved of what occurred?**

Can each of the young people give the same explanation of the incident and also what is the effect on the young people involved? Is the incident seen to be bullying for example, in which case regular and repetitive? Is the version of one young person different from another and why?

**What is each of the children's own understanding of what occurred?**

Do the young people know/understand what they are doing? E.g. do they have knowledge of body parts, of privacy and that it is inappropriate to touch? Is the young person's explanation in relation to something they may have heard or been learning about that has prompted the behaviour? Is the behaviour deliberate and contrived? Does the young person have understanding of the impact of their behaviour on the other person?

In dealing with an incident of this nature the answers are not always clear cut. If you are concerned or unsure as to whether or not there is any risk involved, please seek advice from Children's Services Social Care.

### **Repetition**

Has the behaviour been repeated to an individual on more than one occasion? In the same way it must be considered has the behaviour persisted to an individual after the issue has already been discussed or dealt with and appropriately resolved?

### **Next Steps**

Once the outcome of the incident(s) has been established it is necessary to ensure future incidents of abuse do not occur again and consider the support and intervention required for those involved.

### **For the young person who has been harmed**

What support they require depends on the individual young person. It may be that they wish to seek counselling or one to one support via a mentor. It may also be that they feel able to deal with the incident(s) on their own or with support of family and friends. In which case it is necessary that this young person continues to be monitored and offered support should they require it in the future. If the incidents are of a bullying nature, the young person may need support in improving peer groups/relationships with other young people or some restorative justice work with all those involved may be required.

Other interventions that could be considered may target a whole class or year group for example a speaker on cyber bullying, relationship abuse etc. It may be that through the continued curriculum of PHSE and SMSC that certain issues can be discussed and debated more frequently.

If the young person feels particularly vulnerable it may be that a risk assessment can be put in place for them whilst in school so that they have someone named that they can talk to, support strategies for managing future issues and identified services to offer additional support.

### **For the young person who has displayed harmful behaviour**

In this circumstance it is important to find out why the young person has behaved in such a way. It may be that the young person is experiencing their own difficulties and may even have been harmed themselves in a similar way. In such cases support such as one to one mentoring or counselling may also be necessary. Particular support from identified services may be necessary through an Early Help Assessment (EHA) and the young person may require additional support from family members.

Once the support required to meet the individual needs of the young person has been met, it is important that young person receives a consequence for their behaviour. This may be in the form of restorative justice e.g. making amends with the young person they have targeted if this has been some form of bullying. In the cases of sexually harmful behaviour it may be a requirement for the young person to engage in one to one work with a particular service or agency (if a crime has been committed this may be through the police or youth offending service). If there is any form of criminal investigation ongoing it may be that this young

person cannot be educated on site until the investigation has concluded. In which case, the young person will need to be provided with appropriate support and education whilst off site.

Even following the conclusion of any investigation the behaviour that the young person has displayed may continue to pose a risk to others in which case an individual risk assessment may be required. This should be completed via a multi- agency response to ensure that the needs of the young person and the risks towards others are measured by all of those agencies involved including the young person and their parents. This may mean additional supervision of the young person or protective strategies if the young person feels at risk of engaging in further inappropriate or harmful behaviour.

The school may also choose a punishment as a consequence such as exclusion or internal exclusion/inclusion/seclusion for a period of time to allow the young person to reflect on their behaviour.

### **After care**

It is important that following the incident the young people involved continue to feel supported and receive help even if they have stated that they are managing the incident. Sometimes the feelings of remorse, regret or unhappiness may occur at a much later stage than the incident. It is important to ensure that the young people do not engage in any further harmful behaviour either towards someone else or to themselves as a way of coping (e.g. self-harm). In which case, regular reviews with the young people following the incident(s) are imperative.

### **Preventative Strategies for Schools and Settings**

Manchester Academy are aware of the importance of developing appropriate strategies in order to prevent the issue of peer on peer abuse rather than manage the issues in a reactive way.

Firstly, and most importantly Manchester Academy recognises that peer on peer abuse can and will occur on any site even with the most stringent of policies and support mechanisms. In which case it is important to continue to recognise and manage such risks and learn how to improve and move forward with strategies in supporting young people to talk about any issues and through sharing information with all staff.

At Manchester Academy it is vital that we continue to offer our young people an open environment where they feel safe to share information about anything that is upsetting or worrying them. This is strengthened through a strong and positive RSE/SMSC curriculum that tackles such issues as prejudiced behaviour and gives children an open forum to talk things through rather than seek one on one opportunities to be harmful to one another.

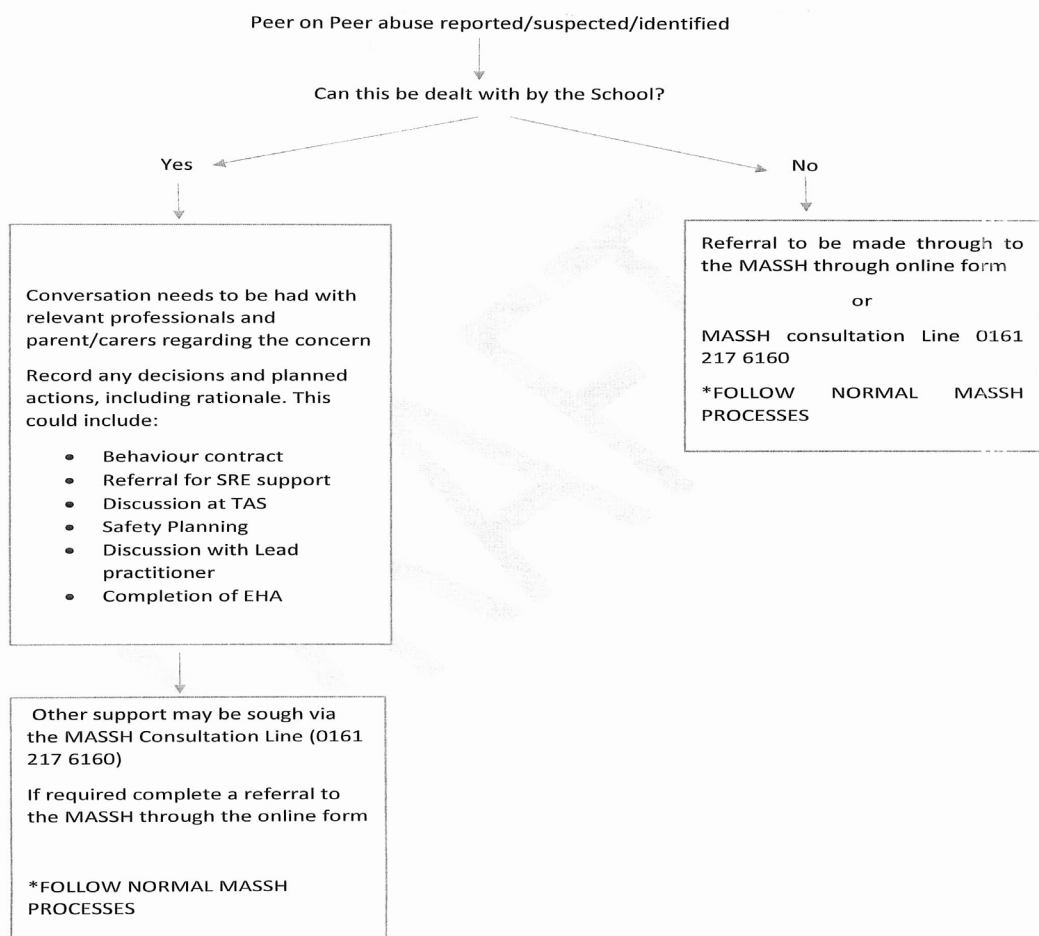

To enable such an open and honest environment it is necessary to ensure the whole workforce feels confident and enabled to talk about issues and challenge perceptions of young people including use of inappropriate language and behaviour towards one another.

In order to create such an environment, Manchester Academy provide whole staff training and CPD around abusive behaviours and talking to young people in a way that continues to create an open and honest environment without prejudice. Staff are aware that It is incredibly important that they do not dismiss issues as 'banter' or 'growing up' or compare them to their own experiences of childhood. Staff know to consider each issue and each individual in their own right before taking action. If staff minimise the concerns raised it may result in a young person seeking no further help or advice.

Signposting is available to young people in the event that they don't feel confident raising an issue to staff or a peer. There is a noticeboard that is easily accessed by the students in the Atrium that highlights a wide range of support services that the students can seek their own solutions should they wish to. In the same way external services and support programmes are brought in to school to deliver assemblies and workshops, the aim is to provide support to young people about specific issues in support of the prevention of peer on peer abuse.

Finally, it is useful to ensure young people are part of changing their circumstances and that of the procedures within schools. Therefore, Manchester Academy supports their young people and encourages them to join the school council as well as pupil voice opportunities to support changes and develop 'rules of acceptable behaviour' in order to create a positive ethos in school and one where all young people understand the boundaries of behaviour before it becomes abusive.
